1. Invitation

The Invitation is attached to this General Information.

2. Dates and Schedule

Official Arrival	13 JUN 2022
Official / Pre-Event Training	14 JUN 2022 (Trap), 18 JUN 2022 (Skeet)
Technical Meeting	14 JUN 2022
Competitions	15 JUN – 21 JUN 2022
Equipment Control Service	14 JUN – 21 JUN 2022
Official Departure	22 JUN 2022

The Preliminary Competition Schedule of the ISSF Grand Prix is attached to this General Information. The Final Competition Schedule (including Training Schedule) will be distributed after the Final Entry Deadline (30 days before the Official Arrival day).

The latest Schedule updates will be provided at the Technical Meeting.

3. Rules and Regulations

The ISSF Grand Prix will be conducted according to the actual ISSF Rules and Regulations – Detailed information is available on the ISSF website www.issf-sports.org

ISSF Juries (Competition Jury, RTS / Equipment Control Jury) will be designated by the ISSF to supervise the ISSF Grand Prix. Qualified Referees holding applicable ISSF Licenses will conduct the competitions.

Shotgun Equipment

All skeet athletes must have ISSF seals with serial numbers on their marker tapes. Any shooting vests that do not have ISSF seals on the marker tapes must be submitted to Equipment Control for inspection and the affixing of a seal before the competition.

Equipment Control will be conducted according to ISSF Rules using approved, calibrated instruments.

Pre-competition testing is not mandatory; however, athletes are responsible for competing with legal equipment and clothing. All athletes are urged to submit any doubtful equipment and clothing to Equipment Control or the Shotgun Jury for checking before the competition. All athletes are subject to being selected for random testing during the competition. Athletes found to be in violation of the rules for guns or skeet marker tapes will be disqualified.

Cartridge Controls

During Qualification, athletes whose cartridges are to be tested are selected by a computer draw. Between 10% and 18% of the athletes participating in an event will be selected for cartridge testing. Two (2) plus four (4) cartridges will be selected from each athlete and placed in separate labeled envelopes. The two (2) cartridges must be tested, first. If both cartridges weight 24.50 g or less, no further action will be taken. If one (1) or both cartridges weight more than 24.50g, then the four (4) cartridges in the second envelope must be tested. If the average of the six (6) cartridges weight more than 24.50 g, then the athlete must be disqualified (DSQ).

During Finals and semifinals, all finalists must be tested using the same procedure. The Finalists or their Coaches/Officials must bring, as early as possible, but not later than 30 minutes before the scheduled start of the Final (Reporting Time), all the cartridges that will be used during the Finals and place them in separate Cartridge Control Boxes on the Finals field of play.

The Finalists must report at least 15 minutes before the start of the Final. The Equipment Control Jury will take the necessary samples from the boxes, and the boxes will be sealed. The boxes must be left under the supervision of Equipment Control Jury Member on the FOP. Once ammunition is placed in the box and sealed, only the Equipment Control Jury or the Finalist can remove ammunition from the box. No additional cartridges are brought to a Finalist during Finals. All cartridge controls must be completed before the start of the Presentation of the Finalists. Any disqualified (DSQ) athlete will not be allowed to participate in the Finals (There will be no elimination for 4th place; the first elimination will be for 3th place).

Colored Wads

Only transparent or translucent wads with no colour may be used.

If an athlete uses ammunition that is not in accordance with Rule 9.4.3.1 a), then the athlete must be disqualified (DSQ).

Equipment Control

Equipment control will be open to competitors as scheduled in the Program of the competition.

ISSF GRAND PRIX SHOTGUN

KONYA, TÜRKİYE

13 JUN - 22 JUN 2022

4. Participation

Individual Events

Each ISSF Member Federation can enter a maximum of five (5) athletes in individual events but only three (3) of them can be registered to compete in the Final for the medals. The other two (2) can only compete for Ranking Points, according to the ISSF General Regulation.

Mixed Team Events

ISSF Member Federations may enter a maximum of two (2) teams consisting of one (1) man and one (1) woman per mixed team event.

Maximum Entry

The maximum number of starts per event is the number of athlete entries that can be accepted for each ISSF Grand Prix event. Range capacity is determined by the available shooting time and the number of available ranges.

If the maximum number of starts is reached during the Final Entry process, a "waiting list" for that event(s) will be established. If cancellations are subsequently received, entries from the waiting list will be entered on a first come, first served basis. ISSF Headquarters and the Organizing Committee will cooperate to determine if additional entries from the waiting list can be accommodated.

Men Events	Max. No. of Starts	Women Events	Max. No. of Starts
Trap Men	120	Trap Women	60
Skeet Men	120	Skeet Women	60
Mixed Team Events	Max. No. of Teams		
Trap Mixed Team	60		
Skeet Mixed Team	60		

Awarding : Gold, Silver and Bronze medal will be awarded to the Individuals and mixed teams.

ISSF ID Number

All athletes must sign an "Athlete's Declaration" and have an official ISSF ID number issued before participation in the ISSF Grand Prix.

Athletes without ISSF ID number will not be allowed to participate. ISSF ID numbers can be obtained from the ISSF Headquarters by using the official application form.

Athlete biographies will be distributed and photos will be taken.

5. Entry Process

Please complete the attached Registration Forms (Annex 1 – 9) and return them by the established deadlines.

Each participant entering the competition must submit the necessary forms (Annexes 1-9) and submit them before the **following deadlines**. All forms are available on ISSF website

Preliminary and Final Entries for Athletes and Officials must be submitted to ISSF Headquarters. Entry Forms are provided, but ISSF Member Federations are urged to use the ISSF Online Registration Service.

All other Registration Forms must be returned to the Organizing Committee (see also: "Summary of Deadlines").

Please do not change the forms and do not use other forms. Incomplete or incorrect forms will be returned, unprocessed.

On arrival at airport, the participants must produce Annex 8 (in triplicate) to the Custom authorities for verification of Firearm and ammunition. Please bring your local import and export firearm licenses.

All participating federations are recommended to book a connecting flight with Turkish Airlines via Istanbul International Airport (**IST**) and Sabiha Gökçen International Airport (**SAW**) to Konya Airport (**KYA**).

Those Federations who need a specific Invitation Letter to apply for a Sport Visa, must contact Turkish Shooting and Hunting Federation (TAF), **not later than 22 APR 2022**

Official Airline Company will charge extra for the carriage of the shotgun and ammunition boxes. The charges vary from EUR 30.00 to EUR 60.00, per box of 5 kgs, one way.

Useful Information on the carriage of Shotguns on International Flights

As a rule, before issuing any flight ticket the travel agency appointed to book the flights must make sure that both the ammunition and the firearms are accepted on board the aircraft till the final destination. The approval should appear in the electronic ticket (on the PNR Passengers Name Record) or on a separate message sent to the travel agency by the Airline Company.

The rules governing the carriage of firearms are those of the carrier who owns the aircraft therefore in case of flights made in code-sharing, the approval must come from both companies even if on the ticket the abbreviation of only one Company appears (i.e. AZ - EI - LH - SU, etc).

Normally, the final decision to accept firearms and ammunition on board comes from the captain / Airline Company, but once you have the "ok" on your flight ticket, the Airline Company is responsible for having your firearms sent to destination. In case of indirect flights, it is advisable to consider a connection of at least two hours. Upon landing at the first airport, report to the information counter and make sure that your firearms have arrived and will be taken on board of the connecting flight.

Still, in case of indirect flights, avoid booking them with two different Airline Companies as most of the times the firearms will be discharged and let at the first airport and the owners will have to collect them and make a new check-in, provided the local police authorities do not cause problems of licences. That will probably cost extra security and boarding tax and sometimes extra baggage fees. If passengers are not informed, they risk arriving at the final destination without knowing that their firearms have not been loaded on the connecting flight and are lying in the previous airport. In many countries even if in transit and the baggage is labelled till destination, the control of firearm is made at the first airport of arrival and this is why it is advisable to keep the situation under control step by step.

All firearms and ammunition must be declared while making flight reservations and at check-in and follow the procedure reserved to these special articles. It is a big mistake to pack them into normal bags and dispatch them as normal baggage because in case of loss it will be very difficult to find the firearms in a short time and last but not least, owners will be liable to heavy fines. Please bear in mind also, that some Airline Companies (unless your national federation has a special agreement with the Airline Company, for the ammunition) will charge extra for the carriage of the ammunition boxes. The charges vary from EUR 50.00 to EUR 60.00, per box of 5 kgs, one way.

17. Social and Cultural Activities

Konya is a city identified with the world-famous philosopher Mevlana. It is one of the first inhabited cities in the history of humanity, and it still contains traces of many ancient civilizations that give a museum city feel. The steppe was one of the most important trade centers on the Silk Road, as it was located in the middle of the Anatolian steppes. Full of traditions, it is one of the most culturally rich cities in the country and is best known as the home of the Sufi mystic Celaleddin Rumi, who founded the Whirling Dervish sect. Today it is still a center of Sufi practice and teaching, and one of the most interesting places for visitors is the Mevlana Museum, the old lodge.

The Huglu Village is located by well-known gun manufactory areas easy to visit by car, or by bus.

Huglu, a cute town in Beysehir district, was established on a rocky and non-agricultural area, at an altitude of 1410 m on the Taurus Mountains, 32 km from Beysehir and 126 km from Konya. Huglu rifles, which are the product of the skillful formation and combination of iron and walnut wood, as well as artistic dexterity and careful processing, have been appreciated for many years. Huglu is an Anatolian town that exports firearms to the world with its hardworking and humble people.

18. Health

For up-to-date information on foreign travelers entering TURKEY, visit the official website of the Turkish Ministry of Health:
