NIKOLI SAMI

SAVA
ZAVAROVALNICA

Dear Friends,

Ruše is known for its incredibly rich sports tradition. Shooting Association 1st Battalion of Pohorje, Ruše, that is marking its 73rd anniversary this year, holds one of the oldest traditions. The history of the shooting association is closely related to the events accompanying our local places and the Battalion of Pohorje.

On September 11, 1942 Pohorje Battalion was founded in Dobravlje on Pohorje under the command of Rudolf Medet counting 90 fighters at the beginning. Pohorje Battalion conducted numerous operations until German forces detected it a few days after New Year's in 1943 and was surrounded by 2000 German soldiers on January 8 at Osankarica. Among the 69 fighters of the battalion that lost their lives in this fight, there was also a famous fighter from Ruše, Alfonz Šarh, a national hero.

The tragic event left a mark on our local area and our ancestors. Shooting Association 1st Battalion of Pohorje, Ruše was founded on February 1950 as a sign of respect to all of who have fallen and is now one of the oldest shooting associations in Slovenia. Every year since 1950, the association organises a shooting competition at Osankarica on local holiday of Ruše to commemorate the last fight of Pohorje Battalion. In time, it grew into a recognized international airgun shooting competition that is attended by many famous athletes.

As a local resident and a mayor of Ruše I am honoured the Shooting Association 1st Battalion of Pohorje, Ruše has brought our municipality on a map of international competitions and has gained an international recognition with visible results of its competitors. Recognition of the achievements reaches to the very top of international sports competitions, participation in the Olympic Games and numerous representations in the colours of the Slovenian national team. Such achievements are our source of pride in the field of sports engagement and at the same time a priceless promotion of our places beyond the border of our municipality and country.

These achievements are a result of the commitment and persistent work of all members, coaches, trainers and officials of the Shooting Association 1st Battalion of Pohorje, Ruše. Despite the international recognition, the nobility of your work is shown in preserving the tradition of the association and encouraging young people to follow the tradition.

Nevertheless, we should not neglect the fact that representatives of the municipality can be contributing to the successful operation of our associations by providing suitable conditions. As mayor, I will continue to strive to provide an adequate support for the operation of the Shooting Association 1st Battalion of Pohorje, Ruše.

I am proud of all your achievements and grateful that you have put Ruše on the international map.

All the very best. Yours faithfully,

Urška Repolusk
Mayor

Dear shooters, Dear guests

We are honored to welcome you to the second edition of ISSF Grand Prix 10m Ruše.

The origins of today's competition go back many years. Our Association was founded in 1950 to commemorate the last battle of the 1st Pohorski Battalion, which took place in January 1943. Shortly after, the first tournament was held. In 1993, it took place as an international event for the first time. This year should be the 30th edition of international competition but due unfavorable conditions of previous years, unfortunately this will not

be the case. But nevertheless we believe that this year, as well as in all previous years, it will be possible to see exceptional sportsmanship and the excellence of the competition.

Shooters from 31 countries will compete over five days and I would like to welcome all the participants and wish the competitors a steady hand and top results.

Ljubo Germič

Chairman of the ISSF GP Ruše'23 Organising Committee

Urška Repolusk, Honorary patroness, Mayor of the Municipality Ruše

Dravske elektrarne Maribor

Največji proizvajalec električne energije iz obnovljivih virov

Z osmimi velikimi hidroelektrarnami na reki Dravi, s petimi malimi hidroelektrarnami ter petimi sončnimi elektrarnami družba Dravske elektrarne Maribor, d. o. o. proizvede skoraj četrtino vse slovenske električne energije. Povprečna letna proizvodnja družbe, ki znaša 2.800 GWh, predstavlja 80 odstotkov slovenske električne energije, ki ustreza kriterijem obnovljivih virov in standardom mednarodno priznanega certifikata RECS (Renewable Energy Certificates System). Skupna moč na pragu elektrarn družbe je skoraj 600 MW. Učinkovitost, zanesljivost, prilagodljivost, celovitost ter okoljska in družbena odgovornost so temeljne vrednote družbe, ki jim sledimo pri obstoječih zmogljivostih in tistih, ki jih še nameravamo zgraditi.
