

**Official invitation
to the 14th MLAIC Muzzle Loading
Long Range World Championships
Raton, NM, USA 2025**

Dear delegates, Team Captains, and long range shooters of the world,

On behalf of the United States International Muzzle Loading Team, and the Muzzle Loading Associations International Confederation, we invite the shooters of the world to the 14th MLAIC Long Range Muzzle Loading World Championships from October 12th - 18th, 2025, near Raton, New Mexico, USA.

The event will take place at the Whittington Center, approximately 10 miles South West of Raton, NM.

The Whittington Center is one of the premier shooting facilities in the USA, located on over 33,000 acres of land, with 25 ranges, a museum, on-property housing of several types, and much more. All tucked in next to the foothills of the Sangre de Cristo mountain range.

This facility is located in the American Southwest, famous for its rugged wonder and beauty. This area is only a days drive from The Grand Canyon, but close enough to untold wonders to entertain the family with day trips, with visits to local ghost towns, or a drive to the top of a volcano at Capulin, or a bit further to visit the famous Pikes peak area and the grandeur of the Rocky Mountains.
