**ISSF WORLD CUP
RIFLE / PISTOL
MUNICH, GER
24 – 31 MAY 2026**

Rifle / Pistol Equipment

Equipment Control will be conducted according to ISSF Rules using approved, calibrated instruments. Pre-competition testing is not mandatory; however, athletes are responsible for competing with legal equipment and clothing. All athletes are urged to submit any doubtful equipment and clothing to Equipment Control for checking before the competition. All athletes are subject to being selected for random post-competition testing and will be disqualified if their equipment or clothing is not legal according to ISSF Rules.

All pistols must be registered in ISSF database. Pistols that have not been registered or recorded must be checked for compliance with ISSF Rules and registered to the athlete.

Rifle Clothing

All Rifle athletes must have ISSF Seals with serial numbers on their jackets, trousers and shoes. Any jackets or trousers that do not have ISSF Seals must be submitted to Equipment Control for inspection and the affixing of a seal before the athlete's first competition. All existing ISSF seals and Equipment Control cards / certificates issued to jackets and trousers will cease to be valid as from 1st January 2026. All those items of clothing must be submitted to Equipment Control for testing at the first opportunity when attending an ISSF Championship so that new seals and Equipment Control cards / certificates will be issued. Athletes that wish to replace a registered jacket or trousers with a new clothing item must bring that item to Equipment Control for inspection and a new seal. Previous seals will then be cancelled. Rifle athletes can have only one active jacket and trousers at any time.

Rifle Clothing Post-Competition Stiffness Testing

If one panel of a rifle jacket or trousers tests 2.9 or lower, the stiffness device must be recalibrated, and the panel must be retested. If it fails again, but all other panels pass, the athlete will not be disqualified and further procedures will take place. If two or more panels fail, the athlete must be disqualified.

Air or CO₂ Cylinders

It is the athlete's responsibility to ensure that any air or CO₂ cylinder is still within its validity date. This may be checked by Equipment Control. Please be aware that in some countries it is a federal offence to use outdated compressed gas cylinders.

Equipment Control

Equipment Control will be open to athletes according to the Competition Schedule.
